## Message from Inspector Jon Papworth

The local Safer Neighbourhood Teams have been concentrating on engagement, visibility and working towards achieving the SNAP priorities.

Officers have been engaging with our local communities at surgeries held at supermarkets and even on the number 11 Konectbus, whose route covers the towns and villages across the policing district. They have provided useful opportunities for people to speak with their local SNT officers to receive updates and pass on any concerns to be fed into the SNAP process.

## What is happening in your area

A frequent complaint around the District relates to the inappropriate use of vehicles. Local officers have been targeting speed checks in areas highlighted as being of concern. Speeding is recognised as being one of the four most common causes of road traffic casualties, along with drink and drug driving, not wearing seatbelts and use of mobile phones whilst driving – known as the "fatal four".

We have also been targeting the anti-social usage of vehicles with the Operational Partnership Team and visiting the registered owners of vehicles suspected to be involved in such activity.

Updates on our activities as well as crime prevention advice and other useful information can be found on the [@BrecklandPolice](#) Twitter page and Facebook page and the Norfolk Constabulary website.
